FLEXIBLE SURFACE MOUNT DIRECTIONAL | 3.9" LED

#ED3794AW

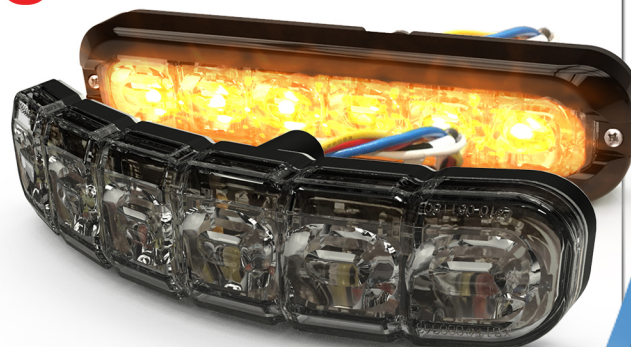

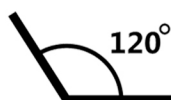

ECCO's UltraFlex is a versatile directional warning light that can be mounted on flat or curved surfaces up to 120° with self-adhesive, very high bond tape. Its 12 dual-colour LEDs provide exceptional output with combinations of amber and white colour available. The light heads are protected in a clear, silicone housing that can flex while resisting yellowing and warping. A two-bolt bezel is also included for easy installation on flat surfaces.
